## MARINE FLOORING

IMO Compliant

# LONMARINE WOOD

Lonseal's Lonmarine Wood resilient sheet vinyl products are among the most popular on the market today, featuring ultra-realistic graining detail and an array of inviting color offerings. From yacht cabins to kitchen galleys to deckways, Lonmarine Wood's teak, holly, mahogany and walnut combinations visually enhance any watercraft semi-exterior space while providing:

- Flexible vinyl sheet construction allowing for moisture-free seams, baseboard coving and vertical surface applications
- Low-maintenance finish that eliminates re-finishing expenses
- Durable commercial wear-layer that stands up to years of usage in marine environments
- Coordinating trim available for hatch covers and access panels
- IMO compliance for international markets (MED-Approved Flooring per IMO-SOLAS Requirements)

# LONMARINE STONE

Lonmarine Stone is Lonseal's newest offering for the marine market and offers all of the product formulation benefits as Lonmarine Wood.

The lightly dappled palette of neutral and gray tones make Lonmarine Stone a perfect fit for the interior and semi-exterior spaces of both pleasure boats and hard-working industrial craft. The stylized marbled pattern helps mask routine scuffing that can occur with heavy foot traffic, while the color offerings provide warmth and elegance.

10 Dorato

11 Grigio

12 Mare

13 Noce

14 Carbone

15 Russo

Features (nominal):  
 Width: 6' (1.8 m)
