

20 Series Marine Roofs

Manual Sliding Roof

With the manual sliding roof Webasto offers a very economical solution for more light and fresh air on board. In order to ensure reliable quality, the design is derived from the proven Webasto marine roofs. The system is delivered as a premounted solution with all necessary hardware allowing for quick and easy installation.

The manual sliding roof provides a very large opening and completely watertight sealing. Customers benefit from Webasto's worldwide technological leadership in automotive sunroofs and profit from professional roof solutions for the marine market.

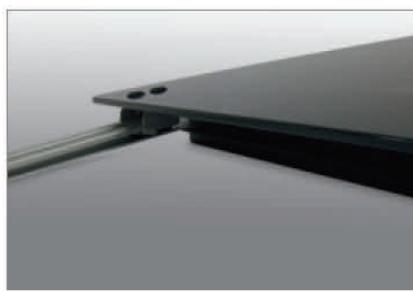

Advantages:

- Very large opening
- Watertight
- Fast and simple installation
- Robust and proven construction
- Ease of use
- Stepless locking system
- ISO 12216, CAT B, Area III
