HIGH OUTPUT CRYSTALLINE SOLAR PANELS

SOLAR BATTERY CHARGERS

These solar panels require and work best with the Nature Power brand Charge Controllers

- High output Crystalline Solar Panels to charge your batteries and help run appliances.
- Works with all types of rechargeable 12V batteries. Includes wiring, quick connect adapter and mounting hardware.
- 25 year power generation warranty.

ITEM#	Description	Power Rating	L X W X H
A 50092	90 WATT MONOCRYSTALLINE SOLAR PANEL	90W/5.14A	33.4 x 26.3 x 1.1 in
B 50111	100 WATT POLYCRYSTALLINE SOLAR PANEL WITH 11A CHARGE CONTROLLER	100W/5.74A	40.2 x 26.4 x 1.4 in
C 50162	165 WATT MONOCRYSTALLINE SOLAR PANEL	165W/9.43A	57.8 x 26.3 x 1.4 in
50262	330 WATT MONOCRYSTALLINE SOLAR PANEL	330W/18.86A	(2x) 57.8 x 26.3 x 1.4 in

Noted: #50262 = 2 x #50162

30AMP SOLAR CHARGE CONTROLLERS

Any solar panel that is rated 12 watt or higher requires the use of a solar charge controller to regulate the current and voltage going to the battery.

- Programmable LED Display.
- Built-in clock automatically turns on/off DC loads.
- Handles up to 12V/480W, 24V/960W of solar array.
- Regulated PWM output to prevent Overcharging.
- Protects battery from high voltage surges, short circuit, low voltage discharging.

item #: 60032

CHARGING INDICATOR LIGHT

AMORPHOUS SOLAR BATTERY MAINTAINERS & TRICKLE CHARGERS

- For cars, great for power sport vehicles, trucks/SUVs, boats, RVs and more.
- Amorphous solar technology can produce output in most lighting conditions.
- Weather resistant for outdoor use.
- 5 year power generation warranty.

ITEM#	Description	Power Rating	L X W X H
A 42015	1.5 WATT SOLAR BATTERY MAINTAINER	Up to 1.5W/83mA	13.9 x 3.9 x 0.5 in
B 42075	7.5 WATT SOLAR BATTERY TRICKLE CHARGER	Up to 7.5W/400mA	13.3 x 13.3 x 0.7 in
C 42022	22 WATT SOLAR BATTERY CHARGER KIT INCLUDES: 8 AMP CHARGE CONTROLLER	Up to 22W/1300mA	30 x 12.8 x 0.6 in

11 AMP
CHARGE CONTROLLER

item #: 60008

item #: 60011

Any solar panel that is rated 12 watt or higher requires the use of a solar charge controller to regulate the current and voltage going to the battery. This 8/11Amp charge controller can handle up to 130/165 watts of solar array.

- Protects battery from overcharging and high voltage surges.
- Use with any 12V solar panel system.
- Automatic cut-in and cut-out maintenance-free operation.
- Easy to read LED light indicators show battery "charged" or battery "charging".

SEMI-FLEX MONOCRYSTALLINE SOLAR PANELS

- Semi-Flexible panels are weather, water and corrosion resistant making them a perfect option for marine applications, RVs, camping and emergency back up.
- These panels can continuously recharge your 12V batteries with the power of the sun. Light enough to mount on a window with suction cups and durable enough to mount permanently outdoors on a range of vehicles.

ITEM#	Description	Power Rating	W X L X H
A 56801	3 WATT SEMI-FLEX	3W / 168 mA	5.08 x 11.26 x 0.07 in

HIGH OUTPUT BRIEFCASE SOLAR BATTERY PANELS

- Briefcase style solar panel easily folds up and includes a convenient handle for transporting and storing.
- Equipped with aluminum frame making it durable and sturdy. Includes a pop-out tripod mount for the optimal angle to collect the sun's rays.
- Three sizes available:
40 Watt (equipped with two 20W monocrystalline),
80 Watt (equipped with two 40W monocrystalline) and
120 Watt (equipped with two 60W monocrystalline).
- Optional adaptors available to fit zamp and furrion specific plugs.

400 & 2000 WATT WIND GENERATORS

- These wind generators efficiently harness wind energy 24/7.
- High-quality marine-grade coating and construction provide versatility on both land & sea environments.
- Maximum power is reached at 28 mph wind speed for 400 Watt generator, 45 mph wind speed for 2000 Watt generator.
- 400 watt model includes external MPPT controller (Maximum Power Point Tracking) and 2000 watt model includes build in MPPT controller to optimizes output voltage.

INVERTER/CHARGERS

With true sine wave output, these Inverter/Chargers run entertainment systems flawlessly. Temperature controlled, multistage charging ensures safe, efficient battery recharging. UL and CSA certified.

2000 WATT/55AMP INVERTER CHARGER

Includes detachable display remote and automatic transfer switch. 4000 Watts surge capacity.

3000 WATT/150AMP INVERTER CHARGER AND REMOTE CONTROL PANEL

Remote control with large keypad buttons and backlit display shows system configuration and diagnostics information. Includes automatic transfer switch and 30' network cable. 6000 Watts surge capacity.

ITEM#	Description	L X W X H
A 38326	2000 WATT / 55 AMP 12V INVERTER CHARGE	18 X 8.25 X 4.5 in
B 38330	3000 WATT / 150 AMP 12V INVERTER CHARGE	16 X 11.5 X 8 in

PURE SINE WAVE {PSW} INVERTERS

Sine wave output is equivalent to utility power to run sensitive electronics, audio/video components, printers and battery chargers. Portable inverters are ideal for use in trucks and RVs.

- USB port lets you recharge smart phones and other devices.
- Features high surge capacity for loads that are difficult to start.
- Protections include overload and high temperature shutdown, over-voltage, low voltage alarm and low voltage shutdown.
- Certified to UL, CSA & ETL standards.

ITEM#	Description	Surge Capacity	L X W X H
38304	400 WATT PURESINE 12V INVERTER	800 WATT	6.5 X 4 X 2.75 in

MODIFIED SINE WAVE {MSW} INVERTERS

High-efficiency portable inverters convert virtually all of the battery's available power to AC current.

- High surge capacity for loads that are difficult to start.
- USB port on 1000 Watt and 1500 Watt models lets you recharge smart phones and other devices.
- Certified to UL, CSA & ETL standards.

ITEM#	Description	Surge Capacity	L X W X H
D 38204	400 WATT MSW 12V INVERTER	800 WATT	4 x 6 x 2 in

5.8 AMP AC TO DC CONVERTER

- The 5.8 Amp AC to DC converter, converts 110V AC to 12V DC.
- Makes it possible to use 12V DC products or appliances at home, in the office or on the road.
- Use with any 12V product that requires 5.8 amps or less, great for laptops, cell phones, coolers, fans and more.

item #: 30058

100/150 WATT MODIFIED SINE WAVE INVERTERS

High-efficiency portable inverters convert virtually all of the battery's available power to AC current.

- 1 x AC Outlet charging computers, runs fan, small power tools and more.
- 2 Amp USB outlet charges tablets, phones and most portable electronics.
- 100/150 Watt continuous output, 200/300 watts surge.
- Compact – easily stores in any vehicle or purse.

NEW ITEMS!

ITEM#	Description	Surge Capacity	L X W X H

300/750 WATT MODIFIED SINE WAVE INVERTERS

High-efficiency portable inverters convert virtually all of the battery's available power to AC current

- 2 x AC outlets allow you to run multiple devices at the same time.
- Runs home appliance, TVs, power tools and more.
- Comes with both DC plug and battery clamps.
- 300/750 Watt continuous output, 600/1500 watts surge.
- Compact size.

18 WATT FOLDING SOLAR PANELS

- Charge laptops directly using the included adaptors, the included 10 laptop adaptor plugs will work with most laptops and notebooks for direct charging while on the go.
- Battery clamps are included for charging 12V batteries.
- Easy to use with plug-n-play connections.
- Weatherproof making them great for marine and outdoor use.

NATURE POWER 400 WATT SOLAR POWER KIT

1x100W polycrystalline solar panel equipped with heavy duty aluminum frames for strong weather resistance and permanent mounting. Freedom from noisy expensive gas generators, opt for silent and environmentally friendly solar power that can help you to become electrically independent. Great solar power kit to built your first power station.

- Comes with 11A digital charge controller
- Including solar kit connecting cables
- Equipped with DC-AC 300W power inverter and connecting cables
- Inverter has input/output protection
- 2XAC out put and a 5V/2A USB charger

1800 WATT SOLAR HOME & RV KITS

Complete emergency back-up kits that include everything you need to install your solar panels for green power anytime and anywhere. These environmentally friendly, silent operation kits can be used without the disturbance of using dirty fuels and fumes like generators. These kits are easy to setup with their plug-n-play connections. Convenient renewable power for any application; RVs, camping, backup power and more. Kits include internal transfer switch, SLA battery, inverter sizes vary, extension cable and internal solar charge controller. 1800 Watt unit is modular allowing for additional auxiliary battery to expand your battery power.

- 1800 Watt stable power.
- Internal transfer switch ensures uninterrupted power during outages.
- Internal charge controller for solar panel.
- LCD display.
- Recharge unit via AC or solar power.

A line of renewable energy powered products including solar battery chargers, solar and wind charge controllers, lithium chargers, and power inverters. We also carry a number of specialized back-up power solutions, including our innovative award winning Solar Home and RV Kit.

The technology and design in our products have been created with the customer in mind; we deliver energy efficient and environmentally conscious products that will give you the power and freedom to harness nature's cleanest and most abundant energy sources.

Our in-house expertise is always there to help you, we always make sure all of our customers are well taken care of by receiving the individual and personal attention they deserve. Our goal is that everyone finds working with us a pleasant experience. our number 1 priority is to build strong relationships with our partners and customers.

ENERGY IS FUNDAMENTAL TO THE WORLD'S ECONOMIES. WE WANT TO IMPROVE EVERYONE'S LIVING AND TRAVELING STANDARDS BY BRINGING THE POWER OF NATURE TO THE HANDS OF OUR CUSTOMERS AT THE MOST COMPETITIVE PRICES AND THE HIGHEST QUALITY ON THE MARKET.
